About this document

This assignment comprises all of the assessment for **Level 3 Computerised accounting software (7574-317)**.

Health and safety

You are responsible for maintaining the safety of others as well as your own. You are asked to work safely at all times.

You will **not** be allowed to continue with an assignment if you compromise any of the Health and Safety requirements.

Time allowance

The recommended time allowance for this assignment is **two and a half hours**.

Level 3 Computerised accounting software (7574-317)

Candidate instructions

Time allowance: two and a half hours

The assignment:

This assignment is made up of **four** tasks

- Task A - Installing new accounting system
- Task B - Preparing a new account prior to entering records
- Task C - Managing accounts
- Task D - Producing management reports

Scenario

You are employed as a company accountant for **Show Homes**, a small company that specialises in supplying building firms display furnishings and light refreshments for their show houses.

Your responsibilities include: -

- Installing and updating accounting software
- Entering customer and supplier details
- Updating customer and supplier details
- Entering sales invoices
- Entering purchase invoices
- Paying invoices that are due
- Producing accounting reports and responding to accounts queries
- Designing and producing company stationary.

There has been a recent systems failure and your company has decided to change its name to **Pyramid Supplies**. Your manager (Mr Paul Harlow) has set out the tasks which he sees as a priority. He would like you to try to complete as many of these tasks as possible.

It is early June and the financial year started on 1 January

Note: If you are sitting this assignment between January and June use the **previous** year for your accounts.

Read all of the instructions carefully and complete the tasks in the order given.

Task A –Installing new accounting system

Note: A maximum of 30 minutes is allocated to Task A. If extra time is required it should be outside of the allocated assessment time.

- 1 Create a folder in your working area or on removable media named **casL3C_XX** (where xx are your initials). Copy any supplied files (i.e. **AnswersL3C.rtf**) and save any work created for this assignment to this folder.

Using the answer sheet provided by your assessor (AnswersL3.rtf) add your initials to the end of the filename (e.g. **AnswersL3C_XX**) and save it to your work area.

- 2 Using your answer sheet, explain how best to code new customer and supplier entries in order to make them unique.
- 3 Using your answer sheet, explain why it is advisable to give each of the products/services purchased or sold a unique reference number.
- 4 Using your answer sheet, explain the risks that could exist for data security and the procedures that could be put in place for data protection.
- 5 Using your answer sheet, explain the need to adhere to both legal and local guidelines when storing or using data.
- 6 Your assessor will provide you with some accounting software. Using either your network or a stand alone computer, demonstrate to your assessor how to install the accounting software provided any routine updates as necessary. Take a screen print of the installation process and paste it into your answer document.

Task B – Preparing a new account prior to entering records
