

Specialist Tutor's Instructions

To be handed to the Specialist Tutor before the date of the examination, together with the disk supplied. **No other part of the examination paper may be handed to the Specialist Tutor.**

- 1 In advance of the date of the examination, you are asked to create documents on the storage medium for the enclosed tasks. You can do this by using the disk supplied or by keying in the tasks.

You may use any acceptable font and a point size between 11 and 14 unless otherwise specified. However, you must use a page format which would result in a minimum left-hand margin of 2.5 cm (1"). With the exception of line endings, please follow the text **exactly** including 'deliberate mistakes' where indicated. However, at your discretion infill points/stop codes may be inserted in the standard document.

Check that the text matches the hard copy supplied. **All tasks must then be printed out.**

- 2 Copies of these documents should be created on the storage medium for the exclusive use of each individual candidate, and a suitable file name for each task must be allocated eg TASK 1, TASK 2 etc. File names should be recorded on paper.
- 3 **The Specialist Tutor's Instructions, disk, printout of tasks and list of file names must be sealed in an envelope and handed to the Examinations Officer for safe-keeping.**
- 4 The preparation of all examination material must be regarded as strictly confidential and should be carried out under the supervision of the Invigilator. No details of the content of the examination may be divulged, and the Specialist Tutor and Invigilator are asked to sign the Attestation Form to this effect.
- 5 All material must be erased from the system and storage medium at the end of the examination after the completion of all the required printing.
