

005

Create an image using colour
for the hair and beauty sector

We all have our favourite colours!

This unit will help you to understand the colour spectrum and how it is used in the hair and beauty industries. You'll get to work with with colour, and you'll soon see how colours can look good together.

You will mix primary colours together to create new, secondary colours. Your research will help you to produce a colourful total look, so start creating!

Assignment mark sheet

Unit 005 Create an image using colour for the hair and beauty sector

Candidate name:

Candidate signature: Date:

Assessor signature: Date:

Quality assurance co-ordinator signature (where applicable): Date:

External Verifier signature (where applicable): Date:

What does it mean?

Some useful words are explained below

Colour spectrum

Red, orange, yellow, green, blue and violet.

Complementary colours

Colours that go together well.

Secondary colours

Violet, orange and green.

Mood board

A collection of all your first ideas. It could include examples of hair colour, make-up looks, accessories and materials or clothes.

Primary colours

Blue, red and yellow.

Total look

In the hair and beauty industry this includes hair, make-up and clothes.

What you must know

You must be able to:

- 1 State the primary colours
- 2 State the secondary colours
- 3 Outline the colour spectrum and its use in the hair and beauty industries

Revision tip

Look through your wardrobe and see if you can match colours together or use coloured accessories to enhance different looks.
