|-----------|------|------|----------|
| Candidate | Name | Date | DD/MM/YY |
|-----------|------|------|----------|

1. State **five** requirements of the Control of Substances Hazardous to Health Regulation. (5 marks)

- 2a. State **two** functions of the cuticle. (2 marks)

- 2b. State **two** functions of the cortex. (2 marks)

3. State **one** consequence to the client of the stylist having poor personal hygiene.

(1 mark)

4a. Describe the benefits effective communication has on both the client and salon.

(4 marks)

4b. Describe **two** ways a stylist should communicate with a colleague when dealing with conflict.

(2 marks)

5. State how working practices can encourage sustainability in the salon.

(3 marks)

6. Describe the effects on the sebaceous gland of shampooing the hair in water that is too warm.

(2 marks)

-
7. A client has long hair that she likes to wear up sometimes. It is type 2, naturally wavy hair that is dense. She already has layers, but would still like bulk removed to give a 'choppier' look.

Describe the use of tools and cutting technique to remove more bulk from the hair.

(3 marks)

8. State the purpose of each of the diagnostic tests that should be carried out prior to colouring and lightening services.

(5 marks)

9. What considerations should be taken into account when colouring white hair?

(4 marks)
