Dear Diane

As the National Hairdressers Federation, we support the following qualification for young people wishing to progress into the Hairdressing Industry:

City & Guilds Level 3 Advanced Technical Diploma in Hairdressing (540)

This qualification has been developed with employers and industry in mind, covering the mandatory skills and knowledge needed to gain employment as a stylist within a hairdressing salon.

These skills include:

- Colour correction services
- Cut hair using a combination of techniques
- Colour and lighten hair
- Provide hairdressing consultation services
- Creatively style and dress hair

I believe these skills and knowledge would give a learner the skills needed when looking to gain employment in the hairdressing industry, and so this qualification meets the needs of hairdressing employers.

I consent to our name and logo being publically available on the City & Guilds website.

Yours sincerely

Hilary Hall
Chief Executive
National Hairdressers Federation
