Dear Diane

As the National Hairdressers Federation, we support the following qualification for young people wishing to progress into the barbering industry.

City & Guilds Level 3 Advanced Technical Diploma in Barbering (450)

This qualification has been developed with the needs of Industry and employers in mind, covering the skills and knowledge required needed to enter employment within the barbering sector.

These skills include:

- Creatively cut hair using a combination of barbering techniques
- Design and create a range of facial hair shapes
- Provide shaving services
- Provide hairdressing consultation services

I believe these skills and knowledge would give a learner the skills needed when looking to gain employment in the barbering industry, and so this qualification meets the needs of barbering employers.

I consent to our name and logo being publically available on the City & Guilds website.

Yours sincerely

Hilary Hall  
Chief Executive  
National Hairdressers Federation
