Creating cocktails is an art form, and requires skills that can take time to develop. There’s a lot to know, but preparing and serving cocktails can be one of the most enjoyable parts of working behind a bar. From keeping the Gin Fizz fizzing to making sure the Tequila Sunrise doesn’t disappoint, this unit covers all the shaking and stirring of the cocktail maker’s art.
This unit is about preparing cocktail making equipment and cocktail ingredients. It also covers mixing and serving cocktails and giving customers accurate information about them.

This unit has four learning outcomes:

1. Be able to prepare areas and equipment for serving cocktails
2. Know how to prepare areas and equipment for serving cocktails
3. Be able to serve cocktails
4. Understand how to serve cocktails.

UNIT 213 (2BS3)
PREPARE AND SERVE COCKTAILS

What you must know

Evidence for this section can be collected in a variety of ways. Your assessor will discuss with you how to collect and record this information.

(OUTCOME 2)

To understand how to prepare areas and equipment for serving cocktails you need to:

K1  Describe safe and hygienic working practices when preparing areas and equipment for making cocktails

K2  State why it is important to keep preparation areas and equipment hygienic when preparing cocktails

K3  State what safe working practices should be followed when preparing cocktails

K4  State why it is important to have all the ingredients ready before preparing cocktails
