

## Unit 204: Understanding the hospitality industry

### Activity 6: Common waste items

---

Complete the table below by listing the common waste items that are disposed of in the following departments: Housekeeping, professional kitchen, front of house restaurant, bar and reception, and noting how are they disposed of.

| Department                | Waste items | Disposal method |
|---------------------------|-------------|-----------------|
| Housekeeping              |             |                 |
| Professional kitchen      |             |                 |
| Front of house restaurant |             |                 |
| Bar                       |             |                 |
| Reception                 |             |                 |
