

## Unit 306: Monitoring and supervision of food safety

### Activity 18: Weekly cleaning tasks

---

You have noticed that weekly cleaning and defrosting tasks of the fridges is not taking place to a high standard. The individuals responsible are signing as having completed the work on your day off.

Explain how you are going to ensure your high standards are reached with the staff members responsible.

Outline the main roles and responsibilities of a supervisor to ensure cleaning and disinfection of the workplace is maintained:
