Dear Matt

Re: C&G Level 4 Work Based Diploma in Agricultural Business Management

As a large specialist provider of land-based education based in Lancashire, Myerscough College is fully supportive of the proposed development of a Level 4 Work Based Diploma in Agricultural Business Management. It will provide a natural progression route from a Level 3 apprenticeship for students entering management positions. There is currently no specialist agricultural management option and students either do not continue their training or try and utilise a non-specific qualification which is not suited to their needs.

Myerscough College therefore endorses the qualification.

Yours sincerely

Ann Turner FCMA CGMA AIAgE
