Dear Susie

City & Guilds Level 2 Technical Certificate in Agriculture

We are a family run business covering 600 acres in West Wales, milking 330 Holstein cows and a further 400 youngstock as replacements or intensive beef. We employ two full time staff and an apprentice.

We support the City & Guilds Level 2 Technical Certificate in Agriculture and feel that it contains the skills and knowledge that would give a young person an advantage when applying for a job, progressing to an apprenticeship, or going onto further training.

The core skills that are contained within this qualification include health and safety (safe working practices), opportunities for working in the agricultural industry, estate maintenance skills such as fencing and boundary maintenance, farm machinery operation, farm animal production, crop husbandry and plant and animal physiology. We also support the inclusion of compulsory work experience of 150 hours.

Jobs that this qualification could lead to include trainee stockperson, general farm worker or tractor operative.

We confirm that we consent for our name and logo to be on the City & Guilds website.

Yours faithfully,

A handwritten signature in black ink that reads "Hywel Davies". The signature is written in a cursive style.

Hywel Davies, Director
