Dear Susie

We would like to provide our support for the City & Guilds Level 3 Advanced Technical Extended Diploma in Equine Management (1080)

The Stables Equine Practice is a five Vet 100% equine practice established in 1997. We also employ 5 lay staff.

Students holding this qualification could have an advantage when looking for a job as it contains a really wide range of skills and knowledge that employers would look for. These would include:

- Safe working
- Advanced yard skills including routines and husbandry skills
- Feeding and nutrition
- Equine health
- Fitting and using a wide range of tack and equipment
- Exercising horses from the ground
- Riding horses for exercise and training
- Horse fitness programmes
- Managing stallions, mares and foals

The skills and knowledge covered by this qualification provide a sound basis for a young person to enter work on a yard in roles such as:

- Clinical assistant
- Stable assistant

We confirm that we consent to our name and logo to be publicly available on the City & Guilds website.

Yours sincerely

N J Robertson BVetMed MRCVS
