Level 2 Certificate for Proficiency in Fish and Shellfish Industry Skills (600/3977/2)

OVERVIEW

What does this qualification cover?

This qualification covers the basic practical skills and knowledge associated with fish and shellfish production/sales processes within the fish and shellfish industry.

There is a large volume of units within this qualification covering every aspect of the fish and shellfish production line processes, from the receipt and storage of raw products, through to the various production lines processes associated with various fish and shellfish, right through to packaging and transportation of products and finally through to the sale of products.

All learners will take a mixture of mandatory and optional units depending on their role within the fish and shellfish production line process.

This is a Framework qualification.

Who could take this qualification?

This qualification is suitable for those wishing to pursue a career in the fish and shellfish industry either in a production line or sales role.

This qualification is suitable for anyone from 16 years old or over.

WHAT COULD THIS QUALIFICATION LEAD TO?

This qualification could lead to jobs such as:

- Sales/Service Support Assistant (Fish and Shellfish)
- Fishmonger
- Fish/Shellfish Processing Operative

The learner could progress onto the 'Food & Drink' apprenticeship or the following qualifications:

- Level 2 Diploma for proficiency in fish and shellfish industry skills (600/3978/4)
