 Holders of an Advanced Diploma will be considered for entry to year 1 of related degree courses, offered by the University of Glamorgan.

Pembrokeshire College is an accredited college of the University of Glamorgan and delivers degrees validated by the University. The courses have a strong vocational focus and have been designed to meet the needs of businesses.

There are around 2000 full-time students at the College, including 100 international students. Students can make significant savings by studying for a University of Glamorgan course at the College which is reflected in the increasing number of international applications.

The University of Glamorgan has about 21,000 students, including over 3000 international students. Glamorgan is home to the first hydrogen research and demonstration centre in England and Wales, while Atrium, the university's new £35m campus in Cardiff, houses the UK's first university-based music academy.

 Holders of an Advanced Diploma will be considered for entry to the first year of appropriate degree programmes:

- Mechanical Engineering
- Instrumentation and Control Engineering.

Teesside University is a dynamic and innovative modern university. It was named 'university of the year 2009/10' by the Times Higher Education magazine, the first modern university ever to receive this honour. The University also picked up the 'outstanding employer engagement initiative of the year' award.

The University is research active and with an international reputation for excellence in enterprise. Although health students make up the largest group in the University, Teesside is strong in niche markets such as engineering, computer games design and animation, sport and exercise and forensic science.

There are around 30,000 students, including over 1000 international students from more than 110 countries. Teesside is becoming very popular with international students with the numbers from outside the EU almost doubling over the last two years.

Tees Valley is one of the country's best kept secrets. Students get top surf, a national park on the doorstep plus unique shopping and culture, bars and famous clubs.

www.uknec.org.uk
europass.cedefop.eu.int

Each Advanced Diploma in Oil and Gas (8510) is supported by a Europass Certificate Supplement.

The Certificate Supplement helps to ensure that qualifications are easily understood across national systems and makes it easier for learners to find employment or training opportunities beyond the borders of their own country.

It provides details on the skills that candidates are required to demonstrate in order to achieve a City & Guilds certificate, helps learners to prepare for job interviews and allows employers to choose the best candidate to work for their organisation.

City & Guilds was the first UK awarding body to launch the Europass Certificate Supplement and still the only one offering it across its qualification portfolio.
