**Text 1** is an email you get from a friend inviting you to stay for the weekend. She wants you to go to the carnival in Luton with her.

**Read text 1 and answer the questions below.**

Hi Emma

I want to go to Luton carnival to get some ideas for what we can do in our carnival. I would like you to come with me. Luton has one of the biggest carnivals in Europe and I have never been before. Have you? It will be spectacular so bring your camera.

If we go early we can get a good spot to see everything. The roads will be closed for the carnival so we can go by train. We will not want to stand for hours and hours so we could take folding chairs with us. Do you have any?

We will have plenty of time to go for a meal after the carnival but will need to take drinks and snacks for the day. There are some good eating places that do not cost too much. You could stay the night with me and go home the next day. What do you think?

1 Why does your friend want you to go to Luton Carnival?
