Assessor guidance notes for marking

- The assessor should mark the candidate paper according to the mark scheme provided.
- Once the assessor has marked the candidate paper, the centre must use the City & Guilds internal assessment processes before the candidate can be awarded a certificate.

Using the mark scheme

- apply the mark scheme methodically
- initially apply the **unshaded** section for each question
- if this is not achieved, then work down the shaded rows until you find the right mark
- if none of the shaded sections are met then award 0 for that part of the mark scheme.
