Spelling Task Sample assessment

Assessment Pack

Version 1.

DRAFT

Instructions

In each Spelling Task 10 words must be read out to be spelt by candidates.

These are sampled from the Entry 1 word lists specified by DfE and provided in Appendix 2 of the Functional Skills Entry Level English (Entry 1 – 3) Qualification and Assessment Specification.

For each word in turn, the assessor must read the word on its own, then read the word within the given sentence (to show the use of the word in context), then read the word again. The word / sentence may be repeated, as required.

There is no limit to the number of times a candidate may attempt the spelling task. Each time a candidate attempts the task, the centre must select a different version (list of words) from those available on the City & Guilds website. Each version number attempted and the score achieved must be recorded for purposes of EQA.
