## **501/0322/2 Level 2 Diploma in Vehicle Fitting Competence**

### OVERVIEW

- What does this qualification cover?

This qualification covers the knowledge and skills required to work competently as a Fast Fit Technician.

Fast-fit technicians, also known as motor vehicle fitters, are responsible for repairing and replacing worn or damaged tyres, exhausts, batteries and parts. They are normally based in fast-fit centres, or in workshops alongside motor vehicle technicians. The main duties of a fast-fit technician will include:

- Testing batteries and other engine parts to find faults
- Checking tyres and exhausts for defects
- Replacing or repairing faulty parts
- Balancing and re-aligning wheels
- Offering customers advice on simple maintenance issues

Other non-technical but essential skills also include:

- The ability to work as part of a team
- Good customer service and communication skills
- The ability to handle cash and credit card transactions
- An awareness of health and safety regulations
- A reasonable level of fitness
- Good manual skills

This is a Framework qualification.

- Who could take this qualification?

This is a practical qualification for Fast Fit Technicians who want to demonstrate their skills on the job, in their own workplace.
