

All about Marine  
**Issue 01**  
**January 2019**

A newsletter from City & Guilds on professional and technical education updates in marine in England.

In this issue:

- New qualifications for Boatbuilders and Marine Engineers

## New qualifications for Boatbuilders and Marine Engineers

We are re-developing our (2463) Marine Construction, Systems Engineering and Maintenance qualifications to align them to the new Apprenticeships' requirements.

Our new (2473) marine qualifications have been developed to be included within the Foundation Phase and the Development Phase of the new Apprenticeship standards for boatbuilders and marine engineers, which will replace the current level 2 and level 3 Marine, Construction, Systems Engineering and Maintenance (Boatbuilding and Marine Engineering) qualifications from current Apprenticeship Frameworks.

The qualifications can also be used for full time students aged 16 and above who would like to gain the basic knowledge and skills that will enable them to progress into further training to become a boatbuilder or a marine engineer.

The new qualifications open for registrations are:

(2473-02) Level 2 Diploma in Boatbuilding (Foundation)  
Accreditation Number (QAN): 603/0348/7

(2473-12) Level 2 Diploma in Marine Engineering (Foundation)  
Accreditation Number (QAN): 603/2237/8

(2473-03) Level 3 Diploma in Boatbuilding (Advanced)  
Accreditation Number (QAN): 601/7556/4

We are currently working on the following qualification:

(2473-13) Level 3 Diploma in Marine Engineering (Development)

### Remember:

**These qualifications are part of the new Apprenticeship standard but can also be used as standalone. In addition, they have also been included in the current SASE and SASW Apprenticeship frameworks for Engineering Manufacturing (Pathway 2: Marine (Ship, Yacht, Boat building, maintenance and repair)).**

You can access the handbook and assessment documentation in the link below:

### **Tell us what you think**

All About Marine is a newsletter that brings together all of the key developments from City & Guilds relevant to marine skills learning across England, Scotland, Northern Ireland and Wales. It contains updates on the range of teaching and learning resources we offer, plus relevant public policy or other information we think you might be interested in.

Each edition is numbered, so we can refer back to previous issues or tell you when information has been superseded.

If there's anything else you'd particularly like us to cover or explain more fully in future issues of All About, please feel free to drop us a line to [patricia.santos@cityandguilds.com](mailto:patricia.santos@cityandguilds.com) or visit me at
