

All about Marine
Issue 03
April 2019

A newsletter from City & Guilds on professional and technical education updates in marine in England.

In this issue:

- Prior learning in apprenticeships – five steps to get it right webinar
- New qualifications for Boatbuilders and Marine Engineers

Prior learning in apprenticeships – five steps to get it right webinar

Prior Learning is a hot topic, with ESFA having recently tendered for an organisation to research and investigate how apprenticeship providers are managing this requirement of the funding rules.

This webinar supports customers to understand what is needed to assure a quality approach to assessment and recognition of prior learning, so that you are able to feel confident that you are audit compliant and won't have levy or co-investment funding clawed back.

Watch webinar and download slides here:

Apprenticeships events and webinars

City & Guilds runs free and paid-for webinars and events for employers and for training providers on process, policy and opportunities in the new apprenticeship system. Our industry experts can help you understand the new system and how employers, training providers and colleges can work in partnership most easily.

You can see the primary audience for each event using the key:

- Employers
- Training provider

Please note: If page does not render properly, please use a different browser.

Upcoming

- Transitioning to the new standards - webinar series
- Eventbrite

Past events

Catch up on any webinars you missed. You'll find recordings of the session, plus the presentation and Q&A from the day.

Prior Learning in Apprenticeships - 5 steps to getting it right

Recognising prior learning in Apprenticeship Delivery

Recognising Prior Learning in Apprenticeship Delivery - 5 Steps towards Best Practice

April 2016

Ernst & Young - Sir Manager, Funding and Policy

City & Guilds | ifm

Prior Learning is a hot topic, with ESFA having recently tendered for an organisation to research and investigate how apprenticeship providers are managing this requirement of the funding rules.

New qualifications for Boatbuilders and Marine Engineers

We are re-developing our (2463) Marine Construction, Systems Engineering and Maintenance qualifications to align them to the new Apprenticeships' requirements.

Our new (2473) marine qualifications have been developed to be included within the Foundation Phase and the Development Phase of the new Apprenticeship standards for boatbuilders and marine engineers, which will replace the current level 2 and level 3 Marine, Construction, Systems Engineering and Maintenance (Boatbuilding and Marine Engineering) qualifications from current Apprenticeship Frameworks.

The qualifications can also be used for full time students aged 16 and above who would like to gain the basic knowledge and skills that will enable them to progress into further training to become a boatbuilder or a marine engineer.

The new qualifications open for registrations are:

(2473-02) Level 2 Diploma in Boatbuilding (Foundation)
Accreditation Number (QAN): 603/0348/7

(2473-12) Level 2 Diploma in Marine Engineering (Foundation)
Accreditation Number (QAN): 603/2237/8

(2473-03) Level 3 Diploma in Boatbuilding (Advanced)
Accreditation Number (QAN): 601/7556/4

We are currently working on the following qualification:

(2473-13) Level 3 Diploma in Marine Engineering (Development)

Remember:

These qualifications are part of the new Apprenticeship standard but can also be used as standalone. In addition, they have also been included in the current SASE and SASW Apprenticeship frameworks for Engineering Manufacturing (Pathway 2: Marine (Ship, Yacht, Boat building, maintenance and repair)).

You can access the handbook and assessment documentation in the link below:

Tell us what you think

All About Marine is a newsletter that brings together all of the key developments from City & Guilds relevant to marine skills learning across England, Scotland, Northern Ireland and Wales. It contains updates on the range of teaching and learning resources we offer, plus relevant public policy or other information we think you might be interested in.

Each edition is numbered, so we can refer back to previous issues or tell you when information has been superseded.

If there's anything else you'd particularly like us to cover or explain more fully in future issues of All About, please feel free to drop us a line to patricia.santos@cityandguilds.com or visit me at
