**Health and Safety**

You must always work safely, in particular while you are carrying out practical tasks.

You must always follow any Health and Safety regulations and codes of practice relevant to your work.

If your assessor observes you working in a way that is unsafe for yourself or others, they will ask you to stop immediately, and tell you why.

Your assessor will not be able to reassess you until they are sure you are ready for assessment and can work safely.

**Plagiarism**

It is your qualification, so it must be your own work.

Your assessor must be able to identify which work you have done yourself, and what you have found from other sources. It is therefore important to make sure you acknowledge all of your sources.

Your assessor can show you how to do this for the assessment you are doing.

**Notes to candidates:**

- This assessment has been written to make sure you have the opportunity to show that you have met the learning outcomes of the unit.
- You will be marked against the assessment criteria of the unit and the grading criteria for the qualification. You should read these carefully before you start so you know what you need to do.
- You should make sure that you do your best in the assessment so that the evidence you hand in shows your best performance for this unit.
- You may ask your assessor for help in understanding the tasks, but all of the work you hand in must be your own work.
- If you have a good reason for needing more time, you will need to explain the reasons to your assessor and agree a new deadline date. Changes to dates will be at the discretion of the assessor, and the centre may not mark work that is handed in after the agreed deadlines.
