New e-portfolio system for Rail Engineering Apprenticeships

Watch how it works: <https://www.youtube.com/watch?v=dH4ucbpH4tg>

- Let apprentices take control of their learning with access 24/7 on the go and offline.
- Monitor progress at course and unit level with interaction among the employer, training organisation and apprentice for a clear and transparent audit process.
- The contact diary reflects the apprentices' journey through their course from assessment planning, feedback, review and verification.
- Select evidence to prepare the end point assessment portfolio and get apprentices ready for the viva interview.
- Learning Assistant can integrate with your MIS provider using your Learning Assistant API. Also connected to the Walled Garden.
- Safety first! With a complete disaster recovery strategy and hosted by Microsoft Azure.

Become an independent assessor for rail engineering operative standard

We have a new website for our end point assessment service. Whether you want to know about all the new Apprenticeship Standards City & Guilds is an apprentice assessment organization for, business models, planning and processes or even become an independent end assessor, you will find the answers in the link below:

<http://www.cityandguilds.com/apprenticeships/emerging-standards/end-assessment-service>

Role profiles for lead and independent assessors and application forms can be found here:

<http://www.cityandguilds.com/apprenticeships/emerging-standards/independent-end-assessor>

For those who would like to apply for these roles for the rail engineering operative standard, please remember you can access the standard and the assessment plan in the Government's website:
