

Mr Jerry Voinquel  
Portfolio Manager  
City & Guilds  
1 Giltspur Street  
London  
EC1A 9DD

17<sup>th</sup> July 2014

Dear Jerry,

### **Letter of recognition for City & Guilds qualifications**

RenewableUK is the UK's leading renewable energy trade association. Founded in 1978 and formerly known as the British Wind Energy Association, RenewableUK represents over 560 companies and organisations across the full value chains of the wind and marine renewable energy industries. We act as a united representative voice for our members and a central point of information, conducting research, organising events, and facilitating business development opportunities for the sector.

As a trade body within the Electrical Power Industry, we recognise the following qualifications as being suitable for someone who works or wants to work in these specialist areas of the industry:

600/0811/8	City & Guilds Level 3 Diploma in Electrical Power Engineering - Wind Turbine Operations and Maintenance (QCF)
600/0810/6	City & Guilds Level 2 Diploma in Electrical Power Engineering - Wind Turbine Operations and Maintenance (QCF)
600/1671/1	City & Guilds Level 2 Diploma in Electrical Power Engineering - Substation Plant (QCF)
600/1672/3	City & Guilds Level 2 Diploma in Electrical Power Engineering - Underground Cables (QCF)
600/1673/5	City & Guilds Level 2 Diploma in Electrical Power Engineering - Overhead Lines (QCF)

These qualifications provide the skills and knowledge required to gain a sound understanding and practical skills for the Electrical Power Engineering Industry for the following roles:

Wind Turbine Operations & Maintenance Technician  
Wind Turbine Installation & Commissioning Technician  
Cable Joints  
Linesperson  
Electrical Fitter

We consent to our company name and logo being publicly available on the City & Guilds website.

Yours sincerely,

Sophie Bennett

Skills and Employment Policy Officer
