Gas Safe Register is the official list of gas engineers who are qualified to work safely and legally on gas appliances.

To Jerry Voinquel

I provide my support as the Gas Safe registration body within the Gas Utilisation sector, as I feel the following qualifications are suitable for a young person between the ages of 16-19 studying full time and will give that young person an advantage when applying for a job or progressing onto an apprenticeship.

We Gas Safe Register support the inclusion of:

6014-04 VRQ Diploma in Gas Utilisation: Core Skills and Knowledge

for the DfE 2016 performance tables in the Technical Level category.

We confirm that we consent to our company name (and logo) being made publicly available on the DfE and City & Guilds websites

Yours sincerely

Bruce Bennett
Competence Standards Manager
