Dear Jerry

Letter of recognition for City & Guilds qualifications

National Grid owns and operates the national transmission system through which all gas passes on its way to consumers.

As an employer in the Industry we recognise the following qualifications as being suitable for someone who works or wants to work in the many specialist roles within the Gas Network industry. These are all based upon the National Occupational Standards developed by Industry.

600/1311/4 Level 1 Certificate in Network Construction Operations (Gas)
600/1534/2 Level 2 Diploma in Network Construction Operations (Gas) - Main Layer
600/1535/4 Level 2 Diploma in Network Construction Operations (Gas) - Service Layer
601/2739/9 Level 3 Diploma in Gas Network Construction Operations

These qualifications provide the skills and knowledge required to gain a sound understanding and practical skills for the Gas Network Industry for the following roles:

Gas Main Layer – Self Lay
Gas Main Layer – Distribution
Gas Main Layer - Repair and Maintenance
Gas Service Layer - Self Lay
Gas Service Layer - Distribution
Gas Service Layer - Repair and Maintenance
Craftsperson
Technician
Network Technician
Senior Network Technician
Maintenance Engineer
Network Service Engineer

Yours sincerely,

Regards
